About us

Appspotr Studios is an end to end mobile app development studio. We specialise in offering ready made solutions designed to solve real business problems.

We are a full service mobile application development studio that offers app related services starting from design, development, project management and maintenance.

Appspotr studio uses a range of low-code (appspotr) and pro code (Cyan) platforms to deliver value to its customers through mobile applications.

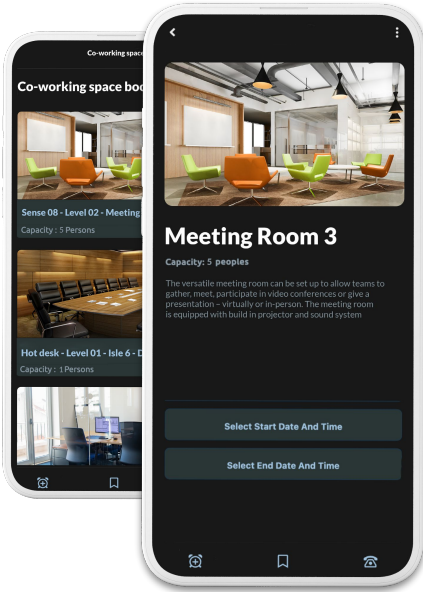

Appspotr Studios is part of Appspotr AB and serves as the in house development studio of Appspotr.

Book a room

Confirm Booking

Add meeting details to confirm the booking

The smartphone screen displays the 'Confirm Booking' interface. At the top, there is a back arrow and a menu icon. The form contains the following fields: 'Meeting Room Type' with the value 'McLaren's Building Meeting Room', 'Maximum Room Capacity' with the value '10', 'from' date and time '30-01-2023 8:20am', 'Till' date and time '30-01-2023 9:20am', 'Meeting Title' with the value 'Marketing Sync up', and 'Meeting Description' with the value 'Weekly Marketing sync up'. At the bottom of the form are two buttons: 'Confirm' (blue) and 'Cancel' (red). The bottom of the screen shows a standard mobile OS navigation bar with icons for home, search, and a third function.

App management functions

Appspotr Studios utilised Appspotr 3 low-code mobile application development platform to develop mobile applications.

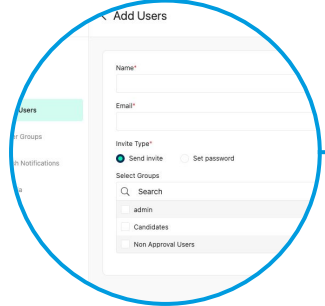

Appspotr 3 platform is an all in one platform with design, development, publishing, management and analytics built in.

Appspotr platform also contains a content management system and an iPad app where app admins can carry out a range of app management tasks. These include adding/changing content, user engagement, push notifications, managing app users and checking user analytics.
